Mobility in Monbazillac, France

21st- 26th May 2023

Day 2: 23rd May 2023

by GHIZĂȘAN CRINA

TCACIUC MARIA

Welcome at La Brie college

Students met for the first time their French partners.

The wine museum of the Castle of Monbazillac

- We visited the wine museum of the Castle of Monbazillac.
- There were a lot of interactive games where we learned about how they produce wine and for how long they have been doing this.
- We saw all the process of wine production and all the types of wine that they made through the years.

We met our friend, a frog called Bratt.

- It was the first animal that we saw at the Castle of Monbazillac. At this castle we also saw some fish in the pond.

The Castle of Monbazillac (Chateau de Monbazillac)

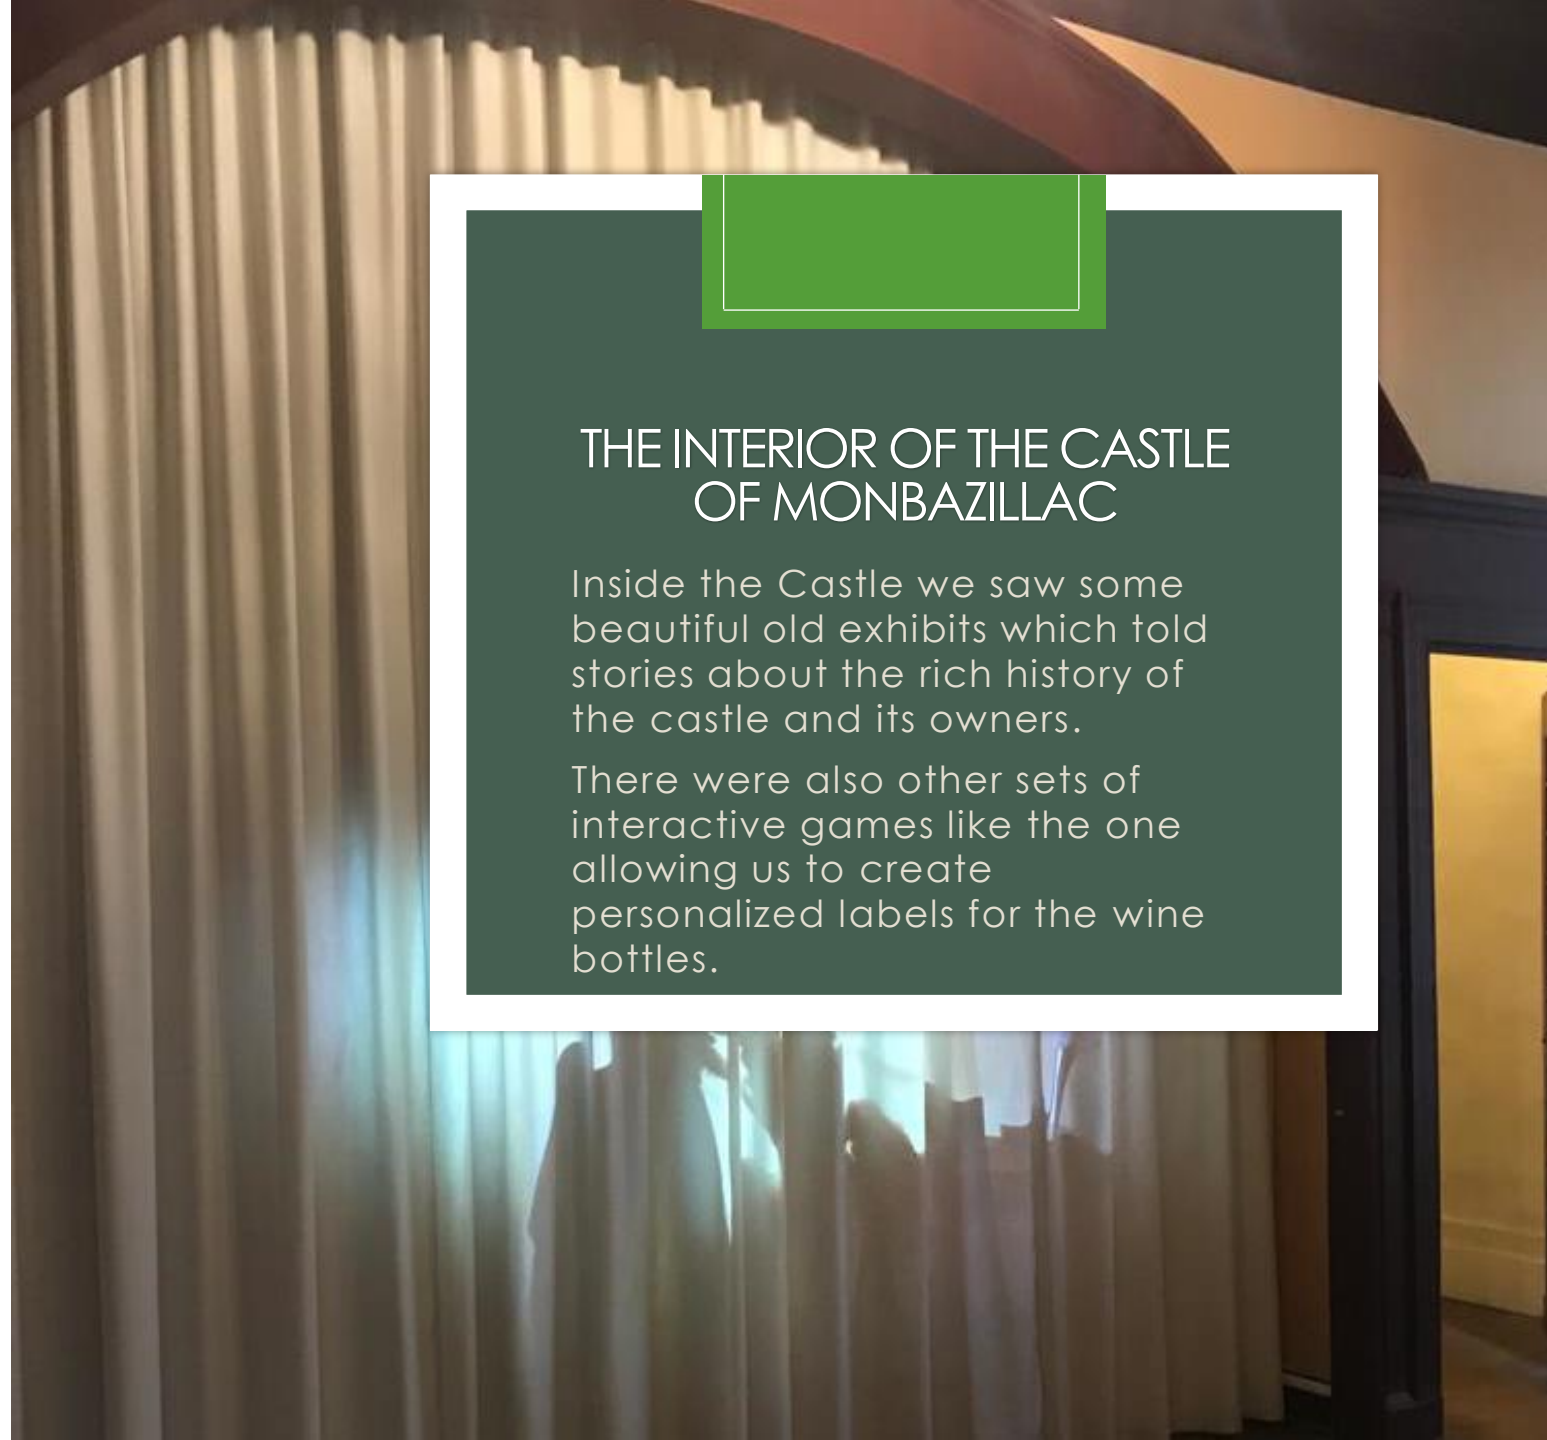

- Outside of the castle there was a lot of vegetation and a lot of vines.
- The place offered a nice view of Monbazillac.

THE INTERIOR OF THE CASTLE OF MONBAZILLAC

Inside the Castle we saw some beautiful old exhibits which told stories about the rich history of the castle and its owners.

There were also other sets of interactive games like the one allowing us to create personalized labels for the wine bottles.

The wine testing

- In the tour they gave us some cider to test which was really sweet.

Explore game

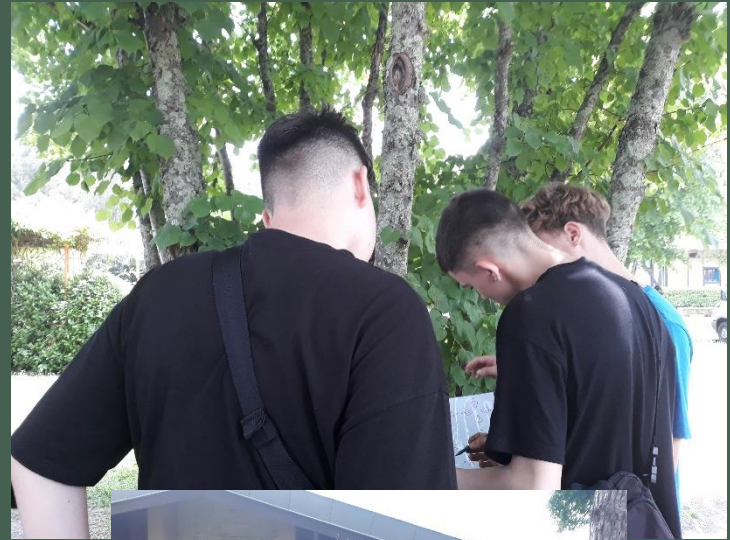

- In the afternoon we had a workshop which was called explore game, which gave us the opportunity to learn all kind of things about local flora and fauna from the naturalist guide.

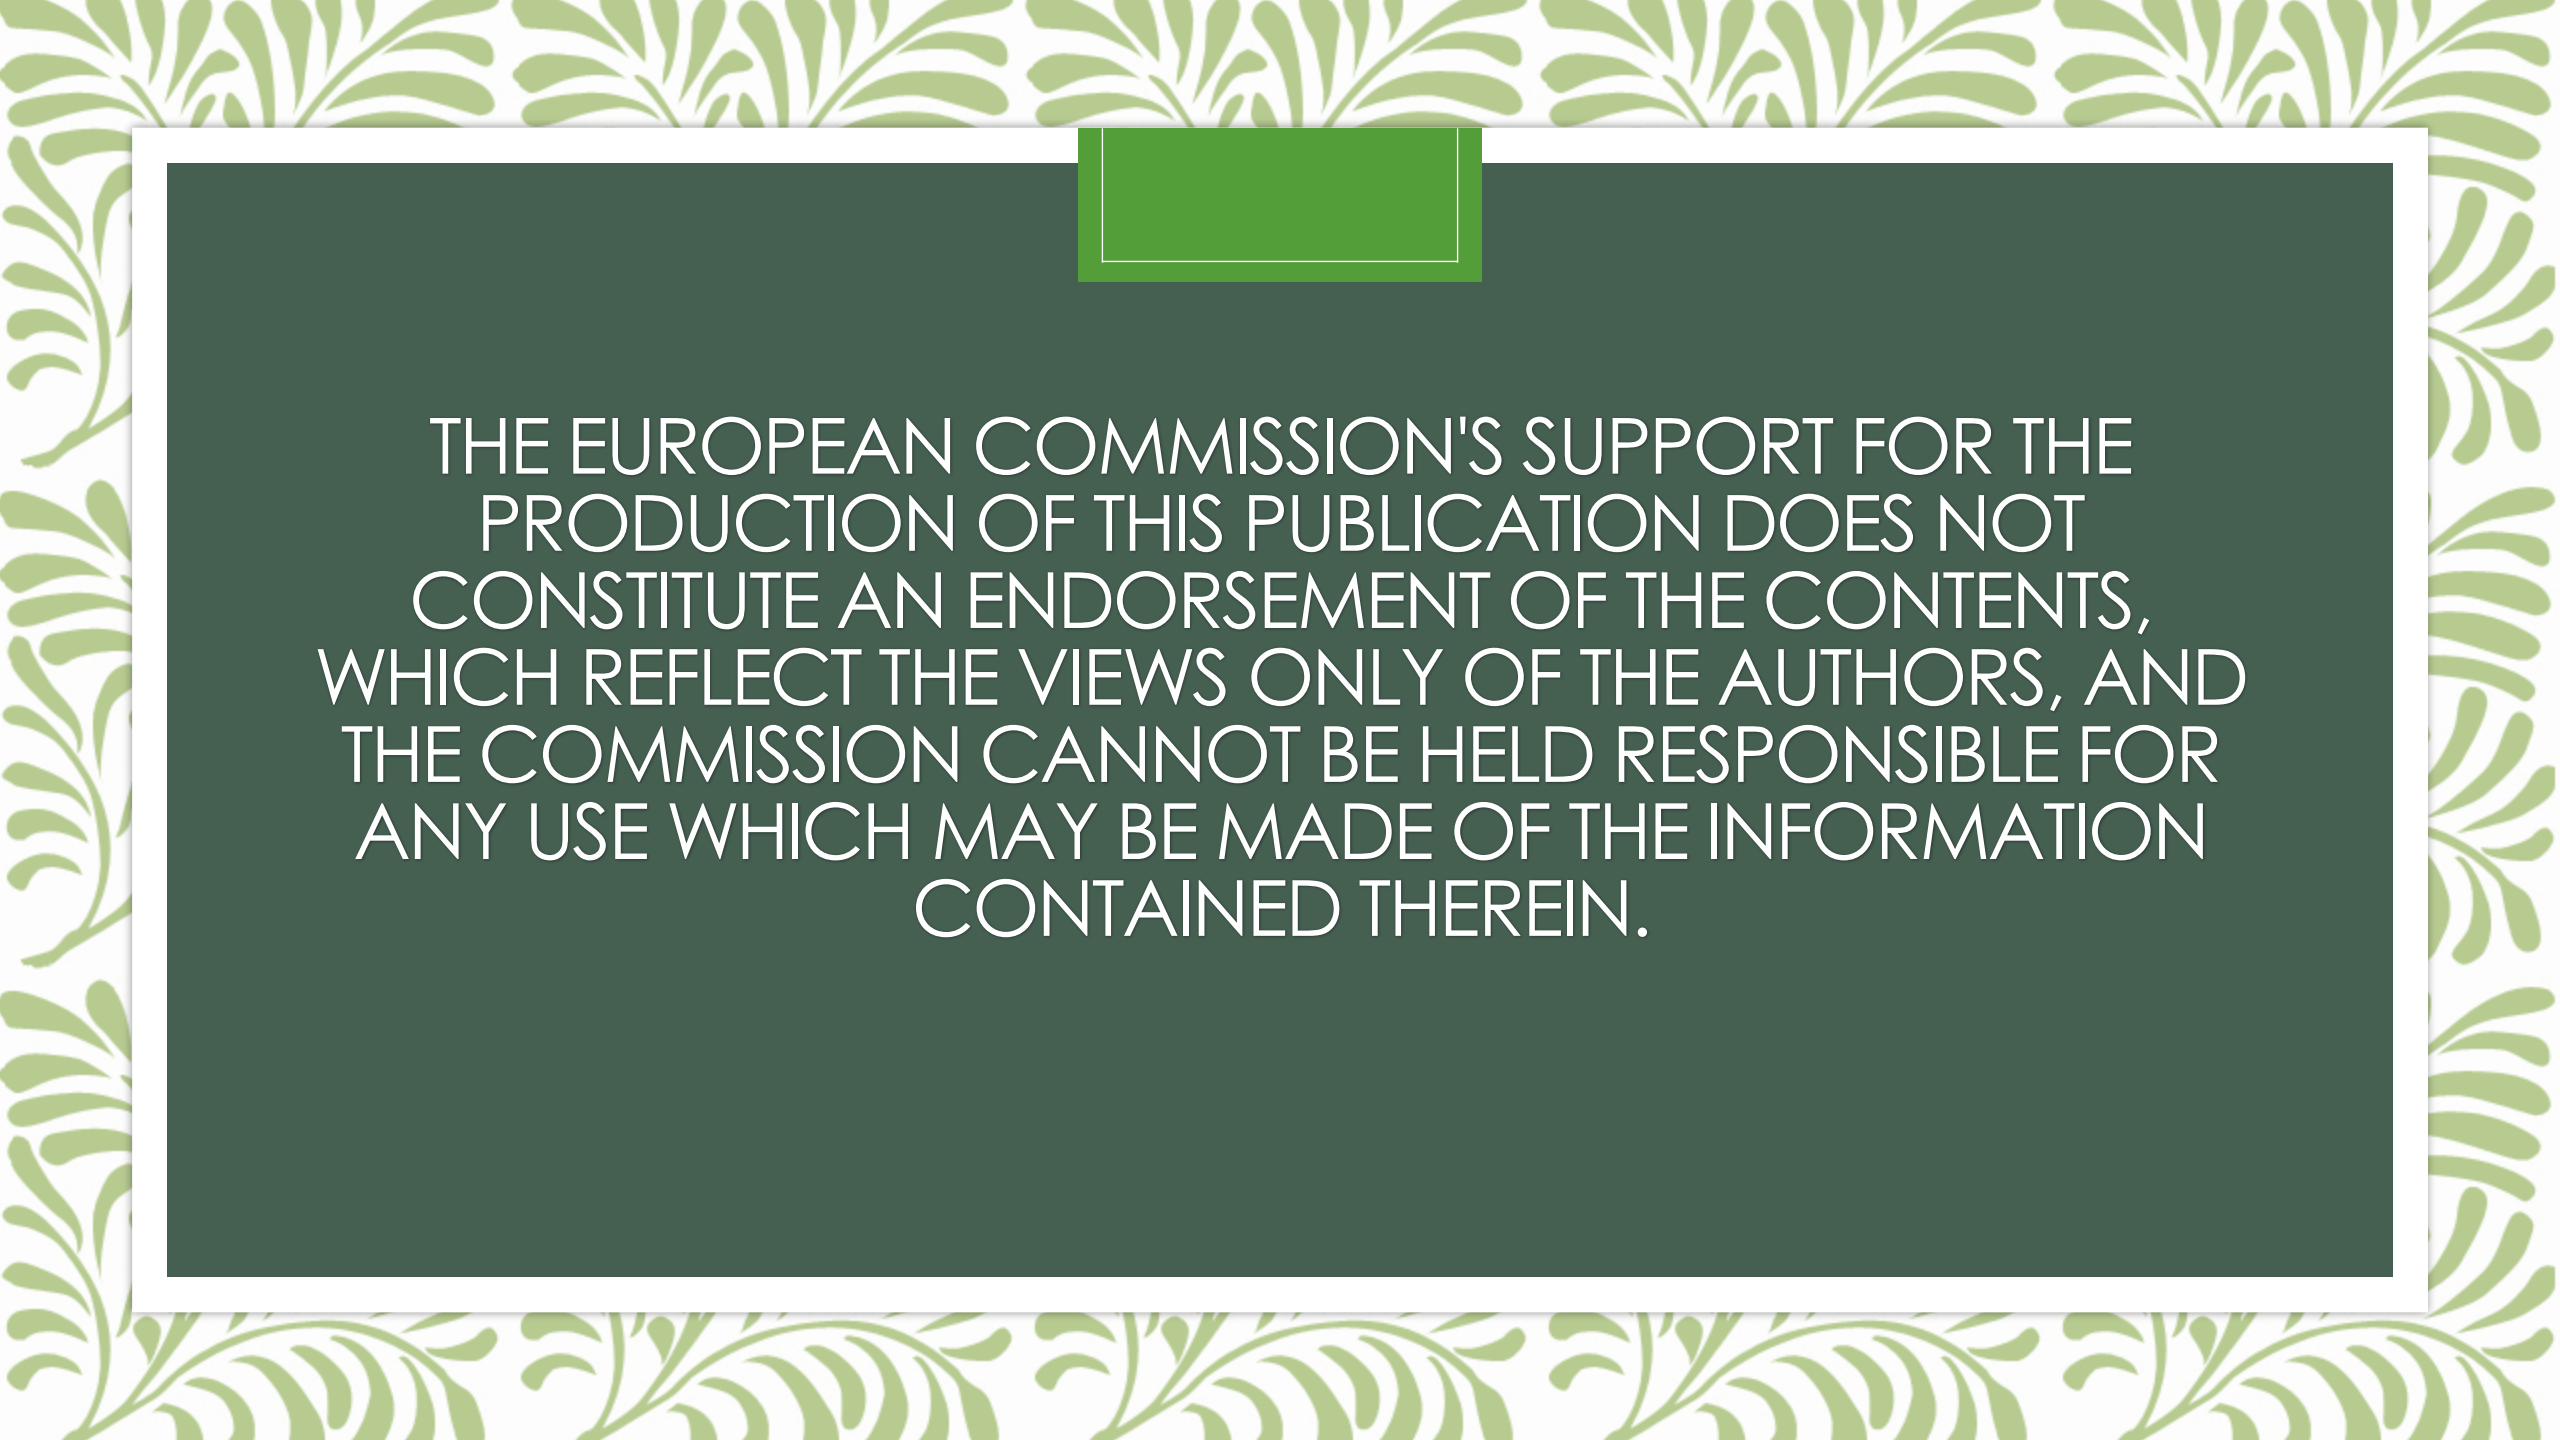

Explanation of the explore game

- The guide separated us in 5 groups and gave each group a map with different locations, where we had to find a question about biodiversity, animals and plants. After we had the correct answer to that specific question, we had to go back to the guide and solve a puzzle.
